THE BIG ISLAND HAMGRAM

The newsletter of the Big Island Amateur Radio Club

Support in U.S. Senate for Amateur Radio Emergency Preparedness Act, but letters in favor are needed

By John Litz, NZ6Q
ARRL Pacific Division Director

Recently, we hope many of you have seen the video from U.S. Senator Ted Cruz (R-Texas) publicly highlighting the critical role that Amateur Radio Service volunteers fulfill during disasters; praising and thanking ham radio operators who provide essential communications when disasters knock out power and cellular networks and communities are cut off.

Senator Cruz is Chairman of the Senate Committee on Commerce, Science, and Transportation. He pointed out that Amateur Radio Operators are ready to respond, ready to serve, and

BIARC Field Day June 27 at Wailoa

Update from Secretary Jim Tatar, WH6EMN

Field Day is Saturday, June 27, at Wailoa State Park. Get there early as we have not rented a pavilion this year. The smaller huts are available on a first-come first-served basis.

Please remember to bring your radio gear, coolers, batteries, and misc. everything. I will not be making it there this year but if someone wants to stop by and pick up the canopy and cooler let me know by sending me an email.

The are some funds available for food so remember to keep the receipts for potluck food to get reimbursed. Check with the board mem-

Amateur Radio Emergency Prep Act *Continued from Page 1*

ready to make a difference in times of need. He ended his statements by thanking ham radio volunteers for their courage and commitment and noting that Amateur Radio's work strengthens our communities.

ARRL's Washington team has been working hard in the background building support for the Amateur Radio Emergency Preparedness Act which will bring relief to the thousands of Ham radio operators who live with antenna restrictions in private neighborhoods. Both licensed Amateur Radio and GMRS operators have generated 160,000 letters to elected representatives in Congress on behalf of this legislation. If you haven't yet done so, you can send letters of support easily by simply pasting this link into your web browser:

<https://send-a-letter.org/hoa/>

Sen. Cruz's video is designed to encourage further support to bring the Amateur Radio Emergency Preparedness Act (HR 1094 & S 459) for a vote before the end of this session of Congress. Now is our opportunity to raise awareness to our federally elected officials about the effective response from the Amateur Radio community to disasters in our Division like wildfires, atmospheric river floods, Tropical Storms and Hurricanes and of course earthquakes. We should also raise awareness for the hard work invested by Amateur Radio Operators on projects like "the Beacon Exercise" and hundreds of public service events across our communities that are made safer because of Amateur Radio Volunteers.

Antenna relief remains the #1 issue for discussion at ARRL Pacific Division Ham Fests, especially in heavily populated areas across our division. Living in "the country" without restrictive HOA covenants is not an option for many Hams.

This is where we are asking your help with moving these bills to the next level.

First, if you haven't yet done so, send your letters of support easily by simply following the link

<https://send-a-letter.org/hoa/>

Second, go to <https://congress.gov> and enter your address. This will bring up links to email or call the offices of your two U.S. senators and your House representative. Whether you call or write an email, please state something like:

"On behalf of the hundreds of federally licensed Amateur Radio operators in your district, I want you to be aware of the recent video by Senator Ted Cruz supporting the tax-free, volunteer community work licensed Amateur Radio operators undertake in providing communications in times of public need and disaster. To this end, I'm asking you to support and become a co-sponsor of bills HR 1094 or S 459, the Amateur Radio Emergency Preparedness Act. Thank you for your consideration."

The link to Sen. Cruz two-minute video is: <https://youtu.be/4ZNeMXyCQ7Y>

It takes about 5 minutes to navigate the webpage of each of your congressional representatives to send an email.

Even if you live in a neighborhood without antenna restrictions or you do not participate in emergency or public service communications, many of your fellow Hams do, and they need your support. More importantly, emergency communications are the key link to gain support of elected officials for successful passage of this vital legislation.

Please share this email with your club members and fellow Hams, even those who are not ARRL members. Working together, we can ensure that Hams in vulnerable subdivisions and neighborhoods because of antenna restrictions will be able to respond effectively when needed.

Thank You for all you are doing for your communities, for the hobby, and for the ARRL.

Stay Radio Active!

BIARC website and newsletter access experiencing technical difficulties

The BIARC website and the BIARC Newsletter are experiencing some technical difficulties. There is a temporary fix that should get things working until we get our regular biarc.net URL is working again.

For the BIARC May Hamgram, please visit: http://biarc.net.dream.website/BIARC_newsletters/202305_BIARC_newsletter.pdf

For the BIARC website please visit: <http://biarc.net.dream.website/>

I apologize for the inconvenience. We are hoping that the regular biarc.net address will be operational soon.

73,

Tony Kitchen, WH6DVI

Club meeting info, discussions

Continued from Page 1

meeting, following the official business segment, John Bush, KH6DLK, spoke about "Digital QRP" and of how, ham-wise, "the landscape is changing."

Digital is now proving more efficient than sideband and CW. And with QRP digital, you don't need all of the real estate for putting up a gain antenna.

DLK gave an overview of FT8, JS8, Fldigi and VARA Winlink.

Shawn Farley, WH6GXZ, spoke about the "Mesh" world and the two main inhabitants: Meshtastic and MeshCore.

They are two different and separate entities, he noted: "they don't compete."

Francine Gecko

At the QTH of KH6HAK, Hank Kaul gets a lot of morning net help from his pet gecko, Francine.

He has noticed, however, that his little green pal isn't so much interested in rag-chewing as she is in chewing on pieces of his breakfast granola bar.

Field Day June 27

Continued from Page 1

ber who is on site, so we don't go over budget. We do NOT have any 120V power there, so you need to bring power.

I have not heard anything about a Fox hunt this year, so maybe next year

Some will be setting up at other sites around Hilo and possibly Kalaniana'ole Park too for some RF separation. So, if you don't find people at one site then go to the other one. There is no overnight in the park so make sure you bug out before the gates close.

Enjoy

Jim Tatar

Aloha All Members

We have a vacancy in the Programs Working Group that can be filled by any member. If you are interested let us know at the meeting so you can be nominated to the position. This is to schedule various programs for presentation to the members every month.

Mahalo,
Jim Tatar

First Saturday of the Month Breakfast still going strong

The informal multi-club First Saturday of the Month Breakfast gathering is an East Hawaii tradition. Over the years, interested hams have met at varying venues on that first Saturday.

There's no formal agenda, and everyone is welcome. The current setup is at 7:30 a.m. at IHOP restaurant in Hilo.

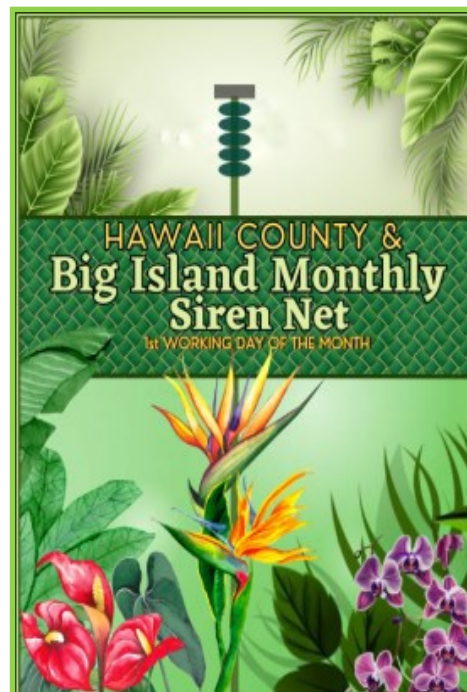

One of the regulars for many years, Rick Gardner, WH6LU, has put out a call for increased participation: "Some of us would like to see more BIARC members attending our monthly multi-club breakfast.

"It's a great opportunity for hams to get an idea what's going on locally," he noted.

Proclamation

WHEREAS, the observance of Amateur Radio Month is intended to recognize the miracle of radio transmissions over the airwaves and the accomplishments of amateur radio operators worldwide; and

WHEREAS, amateur radio operators have provided countless hours of community service throughout the years; and

WHEREAS, amateur radio operators provided a bridge between individuals, societies and countries by creating friendships and sharing ideas; and

WHEREAS, Amateur Radio Month is marked by more than 735,000 amateur radio operators in the United States and 3,300 in the Pacific region; and

WHEREAS, in 1914, the Marconi Wireless Telegraphy station located on O'ahu's North Shore opened; and

WHEREAS, in 1916, messages were transmitted 4,200 miles from Hawai'i to Japan; and

WHEREAS, Amateur Radio Month culminates on the final weekend of June with the *Field Day* operating event. To exercise communications skills that are vital to emergency operations amateur operators set up simulation field stations and operate for 24 hours in both the United States and Canada.

THEREFORE, I, Josh Green, M.D., Governor of the State of Hawai'i, do hereby proclaim June 2026, to be

"AMATEUR RADIO MONTH"

in Hawai'i and ask the people of the Aloha State to join me in extending a heartfelt mahalo to all amateur radio operators for their unwavering commitment to public service and dedication to keeping our island community informed in times of crisis.

Done at the State Capitol in the Executive Chambers, Honolulu, State of Hawai'i, on this twenty-ninth day of May 2026.

Josh Green, M.D.
Governor, State of Hawai'i

BIARC

Education & Outreach Committee Report – May17, 2026

Activity

Apr 15 – VOAD Zoom meeting - Communications Working Group.

Apr 16 - Hilo Intermediate School Science Night

May 1 – Siren Test Net participation.

May 13 - Keonepoko Elementary School Science Night

Scheduled

June 1 – Siren Test Net

Mar. 17 – BIARC Exec and Member meetings.

May 27 – VOAD Communications Working Group Meeting

KH6CZ and WH6EMN photos
Pictures that capture the moment at the Keonepoko Elementary outreach on May 13.

Planned

- Further educational elements re ham radio via Video Presentation
- Further refine the Photo Release for Minors at BIARC E&OC supported events.
- Continue to work with the Museum of Science and Technology agenda (see above) through 2026 and solicit participation at Emergency Prep and Readiness events in Puna.
- Integrate the BIARC PC material and enrich EOC presentations.
-

BIARC E&OC Committee

Leigh Critchlow WH6LC, Fred Fischer WH6HAA, Jim Tatar WH6EMN, Mark Watanabe WH6FSA, Les Hittner K0BAD, Mark Kapono WH6HEO, Bernie Walp WB6PIO.

Thanks to all members and participants.

David Miller KH6CZ – Chair, BIARC Education and Outreach Committee

EOC members, Mark Kapono and Mark Watanabe in action at the BIARC station with Hilo Senior students.

BIARC

Education & Outreach Committee Report – June 2, 2026

Activity

May 13 - Kaneohe Elementary School Science Night – end of school year activities.

June 1 – Siren Test Net participation.

Scheduled Activity

June 14 – BIARC Exec and Member meetings.

June 17 – VOAD Combined Committee Meetings

July 30 – Kapa Community Center Science Night from 6:00 PM to 7:00 PM

Aug 18 – Kapa Elementary Science Night from 4:30 PM to 6:00 PM

Sept 9 - EB de Silva Elementary Science Night from 5:00 PM to 7:00 PM

Sept 30 - Waiakaa Elementary Science Night from 5:00 PM to 6:30 PM

Planned

- Further educational elements re ham radio via Video Presentation
- Further refine the Photo Release for Minors at BIARC E&OC supported events.
- Continue to work with the Museum of Science and Technology agents (see above) through 2026 and 2027 and to solicit participation at Emergency Prep and Readiness events in Puna.
- Integrate the BIARC PC material and enrich EOC presentations.

BIARC Education and Outreach Committee

Leigh Critchlow WH6LC, Fred Fischer WH6HAA, Jim Tatar WH6EMN, Mark Watanabe WH6FSA, Les Hittner K0BAD, Mark Kapono WH6HEO, Bernie Walp WB6PIO.

Thanks to all members and participants.

The Lewis and Clark Trail on the Air is a special event that commemorates the historic Lewis and Clark Trail.

The trail covers 4900 miles through 16 states and includes the disembarkation from Camp River Dubois in Illinois, known as the Eastern Legacy. The event is sponsored by the [Clark County Amateur Radio Club](#) with support and participation from clubs in all 16 states along the historic trail. The event begins at 0000 UTC Saturday, June 6, 2026 (5 PM June 5 Pacific time), and is active through 2359 UTC June 21 (5 PM Pacific).

Operating hours: 24 hours/day for the duration of the event. Operating modes include SSB phone, FM phone, CW, and FT8/FT4. Any combination of modes towards working all 16 states and bonus stations is allowed. A schedule for planned operations for each activating station on the trail will be posted on the website and on [Facebook](#). Certificates will be available for purchase via the certificates page through July 31, 2026. PDFs will be emailed starting July 7. Printed certificates will be mailed on August 24.

Preparations are under way for International Dog Day on August 26, 2026. Hanz van de pol, YL3JD, in Latvia, will have his special event station YL1DOG, on the air during all of August. In the USA, Caryn Eve Murray, KD2GUT, has the special call sign KØDOG. She will have a North American team on the air the week of International Dog Day. International Dog Day or National Dog Day is an annual observance held to celebrate dogs of all breeds and backgrounds, promote dog adoption, and raise awareness about the welfare of dogs around the world. It also recognizes working dogs and the roles they play in human society, including service, police, military, and rescue dogs. It was founded in 2004 by Colleen Paige, an American animal welfare advocate and pet lifestyle expert. The date, August 26, was chosen to mark the day her family adopted their first dog from a local animal shelter when she was 10 years old. In case you wondering ...International Cat Day is August 8, 2026!! More information can be found at hamlog.online/iddicd2026.

Public Service Committee Report

We have 2 events planned,

1. The Volcano Half Marathon in August and,
2. Veterans Day Parade on Saturday November 8th.

Health Net- Hilo Medical, Honokaa Hospital, Pahala Hospital

I have a new 900MHz repeater for the HBMC which will be up on the roof within a couple of weeks, and I have installed a temporary PAR End fed 10-80 for HF. And we have a 40 meter buddy pole for backup. Honokaa will have their 900MHz repeater on the container by late June which will link them to HBMC via mesh as there are no radio operators on site..

Once this is done I plan to concentrate on get a solar powered 900MHz repeater into Na'alehu to feed back to Pahala Hospital.

From Chairman Jim Tatar, WH6EMN

Jan 10, 2026 Big Island Amateur Radio Club Directors Meeting

From Secretary Jim Tatar

Call to Order: 12:14 PM

Directors Present: Thomas Avila, David Miller, William Polhemus, Bernie Walp, James Tatar, Fred Fischer, Shawn Farley

Others Present: Tony Kitchen- still assisting as treasurer until transfer is completed.

Treasurers Report- The signing and other legal work will require a copy of the minutes transferring the position from Tony Kitchen to Fred Fischer. Tony Kitchen requested that all reports be sent to Leigh Critchlow at least one week prior to the meeting. Current report will be attached to minutes.

Digital Systems: Mauna Loa & Pepeekeo have been upgraded to G2's and a new filter on Pepeekeo.

Education and Outreach Committee: Is an attachment to minutes.

Public Service: Upcoming requests for Volcano ½ Marathon and Veterans Day Parade.

Voice Repeaters: No report

Tony Kitchen stated the copies of the Constitution and Bylaws that Les Hitner had submitted were outdated from 2019 and need to be updated prior to becoming effective.

William Polhemus informed the board that the motion in November by Les Hitner to change the Constitution and Bylaws was invalid, and the members vote was invalid as Article IV Section 1 requires a one month notice in writing prior to the meeting at which the vote is to be taken for the Constitution. While the Bylaws do not require a written notice, any change to the Constitution requires a notice. Since it was a single motion that included both the Constitution and Bylaws it rendered the entire motion invalid.

Fred Fischer volunteered to be the Treasurer, William made a motion to elect Fred as Treasurer. The motion passed 7-0 in favor.

Jim Tatar volunteered to be Secretary and was elected 7-0 in favor.

Thomas Avila volunteered to be President, Shawn made a motion to nominate Thomas, and Thomas was elected 7-0 in favor.

David Miller volunteered to serve as Vice President and was elected 7-0 in favor.

William Polhemus volunteered to serve as Trustee for the club call sign. And was elected 7-0 in favor

Bernie Walp and Shawn Farley will serve as directors.

There was discussion about who would sign checks. It was decided that the Treasurer and Secretary would fulfill that duty. Fred Fischer as Treasurer and James Tatar as Secretary.

Due to the untimely loss of Joe Rosenbaum as Secretary the November and December minutes are needed to be completed by a sitting board member. This makes the minutes submitted to the board by Jim Tatar invalid.

William Polhemus will be writing the minutes of both meetings.

Les Hitner has asked to relinquish control of the list serve to another person. The board will decide who will take over that function by the March meeting.

Both William Polhemus and Shawn Farley volunteered and will share overseeing the Facebook web site accounts.

There being no further business the meeting was adjourned at 1:30PM.

2/15/2026

Minutes of BIARC Executive Meeting

From Secretary Jim Tatar

Meeting called to order at 12:18

In Attendance: Thomas Avila, President; David Miller, Vice President; William Polhemus KH6EJ, AH6J Trustee; James Tatar, Secretary; Fred Fischer, Treasurer; On line: Shawn Farley; On travel: Bernie Walp

Also Present: Tony Kitchen past Treasurer

The update of the Constitution and Bylaws will be done by William Polhemus for the March meeting. William will also be completing the November and December Executive Meeting minutes.

Jim Tatar needs to complete the minutes of the January Executive meeting. There was a misunderstanding as to who was to do that by Jim.

William informed everyone the club can become an affiliated member of UHH after the application is completed.

Les Hittner will need to submit it. There are a number of benefits for the club if this is accomplished. One of them would be to have a meeting place at UHH.

Tony Kitchen stated the Treasurers report is not complete at this time and will be submitted later.

Tony Kitchen has a list of paid members for 2025 and is compiling a list of members for 2026.

David Miller reported the Education & Outreach members were at UHH Jan. 24 and Kaumana Elementary School Feb 4th.

William Polhemus will do Part 2 of Grounding for today's membership meeting

William Polhemus reported that the voice repeater is still on loan to the PTA Fire Department. The repeater has been relocated back to the airfield. He will be making the purchases of equipment that was approved last year for Raspberry pi equipment. Frank KH6XO has his repeater at the sheep station and would like to link it to BIARC repeaters. It is currently offline. Jim Tatar has donated his Raspberry pi equipment to BIARC and will deliver it William today.

There is a desire to form an AUXCOMM club. An appropriation of \$20K by the county for Pulse Point was cancelled by Mayor Alameda. Winlink equipment that was donated by Jim Huntley to BIARC will be set up and put into service. Jim Huntley N4FQI will be asked to help get the system set up remotely from his location in New Jersey. Most of the equipment is on hand and William offered a monitor to complete the setup.

There being no further business the meeting was adjourned at 1:01 PM.

Minutes BIARC 4-12-2026 Executive Meeting

From Secretary Jim Tatar

Call to order 12:08 by David Miller in Thomas' absence

Present: David Miller, Bernie Walp, Fred Fischer, William Polhemus, Jim Tatar

Absent: Shawn Farley, Thomas Avila

William will have the November and December meetings available at the May meeting for review and approval but they are not posted on the BIARC web site. That will be completed before the next meeting.

Jim has emailed the minutes of January and February emailed but not posted on the BIARC site. They will be posted on the site before next month's meeting.

Tony informed us that Fred has records to complete the Treasurers Report and Fred informed us that he is now responding to emails, and monitoring the bank account. A Treasurers Report will be ready in May.

Tony is still in possession of the 2025 Treasurers records.

Each board member needs to be able to log into the web site. And it can be done using the Authentication App. The use of Google Chrome is recommended.

The requested update of the bylaws and Constitution by Les Hittner will be available for the May meeting.

A request for a debit card from the checking account was made by Tony and Fred so purchases can be made directly and cut down on paperwork, the card will be in the Treasurers custody. William made a motion to obtain the debit card and Bernie 2nd ed the motion. The motion was carried unanimously by those present.

Our meetings are to be in the current room for the foreseeable future per Kamana Center Management.

Repeater report from William: William expects to install a repeater control system within the next 30 days to allow remote linking and unlinking of repeaters belonging to BIARC. More on that in May. Currently some of the system gets into a cycling condition and the new system will buffer this to stop that from happening. This will allow expansion into Naalehu on UHF. Once the system is in it may be upgraded as needed at a later date.

Public service report from Jim: Jim has 2 planned services, one being the Volcano ½ Marathon in August and the Veterans Day Parade on Saturday, November 8th.

Education and Outreach report from David: There will be a science fair this Thursday at Hilo Intermediate with more to follow. His written report will be available with the minutes.

No New business:

Jim motioned to adjourn, William 2nd, Motion carried at 1:01PM

Meshtastic Infrastructure

Meshtastic infrastructure is built on the foundation of decentralized, off-grid communication using LoRa technology. It enables low-power, long-range communication over ISM radio bands, making it suitable for various applications, including IoT projects and emergency response. The project is community-driven, with a strong DIY ethos, and has found applications in remote areas, natural disasters, and areas with internet censorship. Meshtastic's optional location-tracking capabilities allow for monitoring community members without relying on data-intensive commercial applications.

[Meshtastic](#)

The infrastructure is composed of clusters of nodes communicating locally with each other and expanding as clusters become visible to one another. Without linking infrastructure, connecting from one cluster to another is not possible, but some MQTT relay features exist. The use and development of the network require very few resources, as simple DIY nodes based on widely available devkits are sufficient.

Meshtastic

A LILYGO TTGO T-Beam running in client mode on battery power.

International standard	Based on LoRa, Bluetooth, Wi-Fi
Compatible hardware	Supports ESP32, nRF52840 and others
Physical range	Typically 2–5 km (1.2–3.1 mi), upwards of 100 km (62 mi) possible via mesh
Website	meshtastic.org
